

Diogo Bastos

Senior Full-Stack Software Engineer

Canada diogovvb@gmail.com <https://diogobastos.pages.dev> <https://www.linkedin.com/in/diogo-bastos/> <https://github.com/diogobas>

Professional Summary

Senior full-stack software engineer with 20 years of experience building scalable web applications and learning technology in collaborative, Agile teams. Experienced across React and TypeScript frontends, Node.js and Java/Spring Boot services, GraphQL and REST APIs, PostgreSQL, AWS, Docker, Kubernetes, CI/CD, automated testing, and observability. Led a six-engineer team and delivers maintainable, accessible software from requirements and technical design through production monitoring.

Core Skills

Languages	TypeScript, JavaScript, Java, SQL, C#, Visual Basic
Frontend	React, React Native, Redux, Apollo Client, TanStack React Query, HTML5, CSS
Backend and APIs	Node.js, Express, Spring Boot, GraphQL, REST APIs, Hasura, Apollo Federation
Data and cloud	PostgreSQL, SQL Server, AWS, AWS Lambda, Docker, Kubernetes
Delivery and quality	CI/CD, Concourse, Jenkins, Turborepo, Datadog, Jest, Vitest, Testing Library

Professional Experience

Feb 2026 - Present

Senior Full-Stack Software Engineer

Pearson Education - eDynamic Learning | Remote, Canada

- Develop and maintain full-stack applications with Node.js, TypeScript, Express, React, SQL, and REST APIs.
- Deliver features from requirements and technical design through implementation, automated testing, deployment, and production monitoring.
- Collaborate with Engineering, DevOps, Business Systems, Product, and Operations on reliable, maintainable solutions.

Jan 2026 - Feb 2026

Senior Software Engineer

Fairstone Bank | Canada

- Contributed as a senior software engineer immediately before joining Pearson.

Oct 2022 - Oct 2025

Senior Software Developer

Houghton Mifflin Harcourt | Montreal, QC

- Led a team of six engineers delivering classroom-management solutions for teachers.
- Built full-stack features with React, TypeScript, GraphQL, Java/Spring Boot, Node.js, PostgreSQL, and micro-frontends.
- Operated services with Docker, Kubernetes, Concourse, Jenkins, Turborepo, and Datadog observability.

Mar 2020 - Oct 2022

Senior Software Developer

TEKsystems - HMM engagement | Montreal, QC

- Developed responsive React, TypeScript, HTML5, and CSS interfaces for mobile and desktop learning applications.
- Integrated GraphQL APIs with Apollo Client and TanStack React Query and maintained coverage with Jest and Testing Library.

Feb 2017 - Mar 2020

Software Developer

Neovation Learning Solutions | Winnipeg, MB

- Developed React and TypeScript clients using React Hooks, Redux, GraphQL, and Apollo Client.
- Built serverless analytics in Node.js and TypeScript on AWS Lambda.
- Maintained build and deployment workflows using Gulp, Webpack, Yarn, S3, and CloudFront.

Jan 2016 - Dec 2017

Senior Java Developer

PPI-Multitask | Sao Paulo, Brazil

- Maintained Java web systems and produced client-requested reports using Java, Spring, JPA, SQL Server, JBoss, and EJB.
- Worked full-time from Mar-Dec 2016, with a documented part-time engagement from Jan 2016-Dec 2017.

May 2012 - Mar 2016

System Analyst

Dexco (formerly Duratex) | Sao Paulo, Brazil

- Developed Windows applications and services with .NET, C#, Visual Basic, and SOAP/REST integrations.
- Designed and programmed Microsoft SQL Server databases and reporting solutions.

Feb 2012 - Mar 2012

Java Developer, Level 4

Otimize-TI - Tecnologia Otimizando Negocios | Brazil

- Delivered features, bug fixes, and tests for a Java/JEE application using Struts 2 and JavaServer Faces.

2010 - 2011

Java Developer

Indra | Brazil

- Built enterprise Java applications with Struts 2, Apache Wicket, EJB, Spring, JPA, Hibernate, and Maven.

2008 - 2009

Associate Software Developer

SENAI Goias | Brazil

- Developed web applications using Java, Flex, ActionScript, Hibernate, Spring, JSP, and SQL Server.

2007 - 2008

Software Developer Intern

Sistema Inteligente de Automacao PLUS - SIAPLUS | Brazil

- Developed Java web and desktop applications and worked with Visual Basic 6, PHP, MySQL, Hibernate, and Spring.

Education and Training

Bachelor of Science (BSc) in Computer Science (Software Engineering emphasis)

Pontifical Catholic University of Goias, Brazil

- Business Analysis - Fundacao Vanzolini
- React Web App Developer
- MCSD Web Application
- Additional training in AngularJS, Android, iOS, ITIL Foundation, and Java web development
